MORUS SP. CULTIVATION IN NATURA 2000 SITES: ENVIRONMENTAL
CONSTRAINTS AND CONSIDERATIONS

Mariam Bozhilova 85

CHANGES IN EROSION SUSCEPTIBILITY OF A CHROMIC HAPLUSTERT
PASTURE SOIL BY SOME POLYMERS UNDER SIMULATED RAINFALL

Tugrul Yakupoglu1, Nutullah Ozdemir 101

VALUATION OF THE WATER PROTECTION FUNCTION OF FOREST TERRITORIES
AND INCOME ALLOCATION: A CASE STUDY OF BULGARIA

Nevena Shuleva, Konstantin Kolev 113

Silva Balcanica Journal is included in CABI data base.

This issue is published with the financial support of National Science Fund – Ministry of Education, Youth and Science.

Silva Balcanica is an International Scientific Journal. Original and unpublished results of investigations of all aspects of forest ecosystems and landscapes of Balkan Peninsula, Central and Southern Europe will be published. *Silva Balcanica* is published by Forest Research Institute – Bulgarian Academy of Sciences (FRI-BAS). Scientific analysis of practical results as well as investigations in the forest sciences, including forest ecology; forest soil science; forest genetics, tree breeding and plantation forestry; biometry and silviculture; forest economy and management; forest entomology and pathology; ecology and management of game fauna, urban forestry and green infrastructure, are accepted. Critical and constructive articles on scientific publications or events in the field of forestry and forest science are also welcome.
